Note:

When living arrangements are shared with other PA households or with non assistance unit, utility allowances (power, water, fuel (gas/kerosene/oil), telephone and sewer) will be equal to the standard allowance for the AU size for each utility expense incurred by the assistance unit. The allowance for telephone and sewer will not be split or prorated and shall be budgeted to one (1) assistance unit only. The proration of utility allowance only occurs when households have disqualified member(s).

ELIGIBILITY AND PAYMENT MANUAL

A shelter allowance shall be provided only in the month the expense is billed or otherwise becomes due, regardless of when the household intends to pay the expense. For example, rent which is due each month shall be included in the household's shelter allowance even if the household has not yet paid the expense. Amounts carried forward from past billing periods are not provided for, even if included with the most recent billing and actually paid by the household. In any event, a particular expense may only be budgeted once.

For non-reporting households, the shelter and utility allowance shall be based on the documents or verification provided in the case record as of last recertification. ESS are not required to contact the household to determine the amounts to be budgeted until next recertification.

For GHURA rental contracts, the ES shall at the time of new application, recertification or reapplication, use the contract to determine what rental amount the recipient is responsible for paying. If the recipient has not yet paid for rent, he shall be required to obtain from the landlord, a statement indicating the rental amount due from the recipient for which month.

One time expense such as Land Lease or Real Property Tax payments which is charged on annual basis, shall be budgeted as shelter allowance in the month the expense incurred or otherwise becomes due. ES shall no longer prorate such shelter allowance within the 12 or 6 months period. Tickler code "C" shall be used to flag the on-line system to ensure that such actual shelter allowance shall be provided only in the month the expense is incurred or becomes due. In order for such expense to be allowed, the ES shall require applicant or recipient to submit payment receipts or a copy of Land Use Permit Agreement, signed by the Department of Land Management.

B) Utility Allowance

The standard (maximum) allowance for utility expenses (power, water, fuel (gas/kerosene/oil), telephone and sewer) incurred by a PA household will be budgeted according to household size. When living arrangements are shared with other PA household or with non-PA household, utility allowances will be equal to the standard allowance for the AU size for each utility expenses incurred by the assistance unit, except for basic telephone and sewer expenses (which do not fluctuate according to household size). The allowance for telephone and sewer will not be split or prorated and shall be budgeted to one (1) assistance unit only. The proration of utility allowance shall occur when households have disqualified IPV member(s).

ELIGIBILITY AND PAYMENT MANUAL

When any of the utility needs are subsidized by the Guam Housing and Urban Renewal Authority (GHURA), the ES shall include the subsidy amount as unearned income and give the allowances for utility needs when determining the need and amount of the public assistance grant.

For example:

Mr. Cruz, a recipient of OAA, has a power expense of \$45.00, and water/sewer expense of \$12.00 and \$8.00 respectively. When computing Mr. Cruz's total needs, the ES shall provide:

BASIC NEEDS	\$ 60.00
POWER ALLOWANCE	\$ 35.00
SEWER ALLOWANCE	\$ 8.00
WATER ALLOWANCE	\$ 8.00
TOTAL NEEDS	\$111.00

NOTE: Because actual power and water expenses are greater than the maximum standard for a household size of one (1), the maximum amount was provided to Mr. Cruz.
